1. PRESIDENT'S MESSAGE

At the end of each year, reviewing our progress over time allows us to recognize the important steps we have taken, both in everyday life and in strategic goals for the future.

2024 was a year full of challenges and achievements for Amymoni. Continuing the work we have begun in previous years, we managed to further strengthen our services and actions to support people with disabilities and their families.

The creation of new partnerships and participation in European programs have enabled us to evolve and strengthen our presence at an international level.

Particular emphasis was placed on the implementation of new educational programs, which respond to the modern needs of the people we support. Our new spaces offer the ideal conditions for the development and implementation of these programs, while collaborations with other organizations strengthen our role in society.

The need for the development of new structures and services remains extremely important, and for 2024, Amymoni continues to seek the recognition and institutionalization of principles and frameworks that will strengthen the support of people with disabilities and their integration into society.

We express our warm thanks to our supporters, sponsors and volunteers, who, for another year, are by our side, supporting our mission. In particular, we thank our employees, who with dedication and professionalism implement our work with respect and love.

In closing, we hope that 2025 will bring us even closer to our goals, with our eyes always on the future, to continue to support and promote the well-being of children and families in need.

The President of the Board of Directors of Amymoni
Paraskevi Bellou

2. VISION & MISSION

Our vision is for every multiply disabled visually impaired person in Greece to receive the education and treatment they need, to use their capabilities in full and to live autonomously and with dignity all their lives and still, for their family to have the support and care they need to be able to meet their increased needs.

Amimoni is a member of the European network EASPD/European Association of Service Providers for Persons with Disabilities. EASPD has 15,000 members providing support services for people with disabilities and their families across Europe.

Agapi Papadakis, Head of Amimoni's Early Intervention Program, is part of EASPD's Board of Directors and is the only representative of the country in EASPD.

Technical Support for the implementation of reforms to support the development of family-centered early childhood intervention services in Greece - ECIGreece

Amimoni is 1 of the 7 associations participating in the "Technical Support for the implementation of reforms to support the development of family-centered early childhood intervention services in Greece - ECIGreece" project, for the support and development of an Early Intervention model with an emphasis on family-centered character, under the auspices of the Ministry of Labor and Social Affairs, which implements the EASPD (European Association of Service Providers for Persons with Disabilities).

Participation in the 4th Conference of Food Banks of Greece

Since 1995, Amymoni has been a proud member of the Food Bank, which has actively supported us all these years. We could not miss the 4th Conference of Food Banks of Greece, hosted by FEBA (Federation of European Food Banks). The central message of the Food Bank is its daily commitment: “Together we nurture the hopes for a Greece without hunger”.

“Kind Talks” with Erietta Kourkoulou – Latsi

With great pleasure, Amymoni participated in the podcast series of Ms. Kourkoulou-Latsi, whom we warmly thank for the invitation and the time she dedicated to us.

The Director of the “Iris” Day Center, Christiana Zotou, had the opportunity to discuss the work and actions of the Association as well as the importance of raising awareness about the needs of people with disabilities.

By listening to this interesting discussion, you will learn more about how we can all make a difference together!

8. ACTIONS

Training within the framework of the Burnout Free program

Amymoni's Early Intervention team traveled to Portugal and participated in the training of the Burnout Free ECI project, which focuses on the prevention and treatment of professional and parental burnout, with Amymoni having the role of coordinator and the training being organized by C.E.C.D Mira Sintra.

"Vision for IncluSIOn and SustaiNability".

During the week of December 9-13, 2024, in Nicosia, Cyprus, two important activities were held within the framework of the VISION project – "Vision for InclusiOn and SustaiNability". Participating teachers had the opportunity to gain practical knowledge on the use of the digital tools and applications included in the VISION project Educational Materials.

Interview on the show "Voluntary Action Paths"

As part of the show "Voluntary Action Paths", Christiana Zotou, director of KDIF, met with Maria Kamani and they discussed the work of Amymoni and the importance of voluntary participation in supporting her work.

9. SEMINARS

The Association promotes providing opportunities for continuous education, thus ensuring the continuous training of its employees.

Simultaneously, we actively participate in the exchange of good practices and the provision of training to other professionals in the field in Greece and abroad.

**OVER 50 HOURS OF
TRAINING TO OTHER
PROFESSIONALS**

10. VOLUNTEERING

Volunteering has been a key part of our Association's daily life during 2024.

Volunteers who have consistently participated in the last years in Amimoni's campaigns, but also new volunteers participated in educational and recreational activities for the children, in our workshop and in the Bazaars.

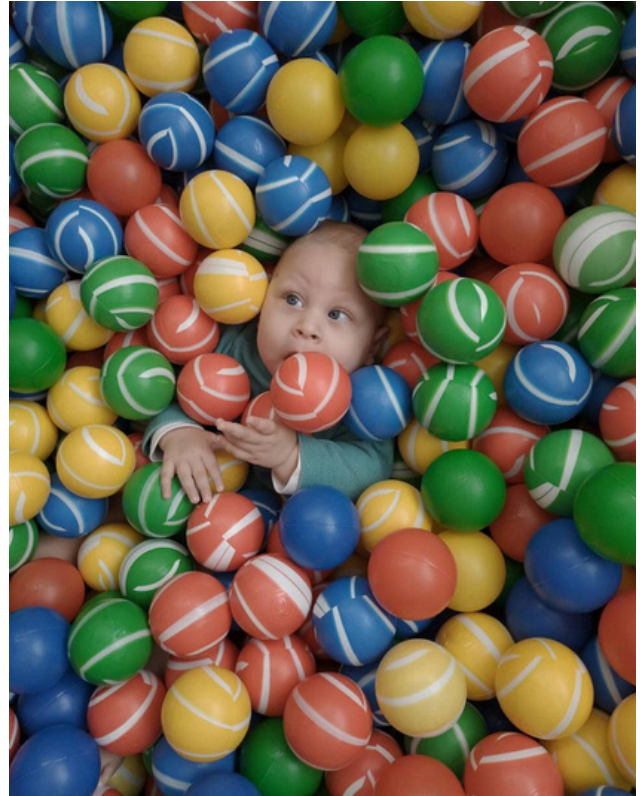

Also, in 2024, the need to implement voluntary campaigns with employees of companies that support us either through financial support or through the coverage of needs in kind became even more imperative.

Finally, we always have the parents and guardians of the Association by our side, who are an integral part of the workshop and the Bazaars, especially in times of increased traffic.

**In 2024 our volunteers supported Amimoni with
over 1,500 hours of volunteer work**

12. EARLY INTERVENTION

Early Childhood Intervention ECI LAB

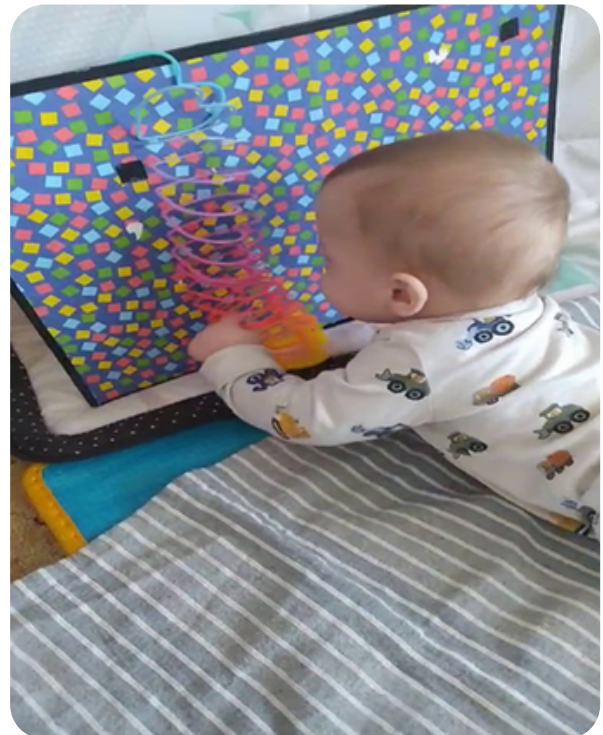

Responding to the real needs of families and their support networks, the program was renamed 'Model Center for Early Family-Centered Intervention Services - ECI Lab: Laboratory for Family Well-being & Development of Children with Vision Problems 0-6 years'.

This new name reflects the upgraded and expanded approach of the program, which focuses not only on the holistic support of the child but also on the strengthening of his family and social environment.

Particular emphasis is given to Early Intervention in the Community, through targeted actions and strategic partnerships with educational frameworks and professionals aimed at informing, raising awareness and strengthening inclusion.

The aim is to seek the development of a broader support network, capable of responding effectively to the needs of children with visual impairments and their families.

The main objective of this adaptation is to multiply the social impact, ensuring that more families will benefit from timely and specialized support services, contributing substantially to improving the quality of life and promoting equal development opportunities for all children.

14. TRAINING PROGRAM "POLICHNI"

The “Polichni” Hostel is a Training Program in Semi-Independent Living, the only one in Greece, for people with visual impairments and additional disabilities.

The goal of the program is to improve the quality of life of the beneficiaries and their families.

It has been operating since 1996, is housed in a detached house in Chalandri and hosts up to 5 beneficiaries per week.

The trainees adapt to conditions outside the family home, experience different experiences through group coexistence, improve their social behavior and communication skills.

Parents use this time to provide the necessary care for themselves and other family members

14. TRAINING PROGRAM "POLICHNI"

To achieve the agreed goals, methods and approaches that enhance these abilities are used on a case-by-case basis, such as:

- 1.alternative forms of communication
- 2.Braille writing system
- 3.mobility and orientation training, tailored to the individual needs of each learner.

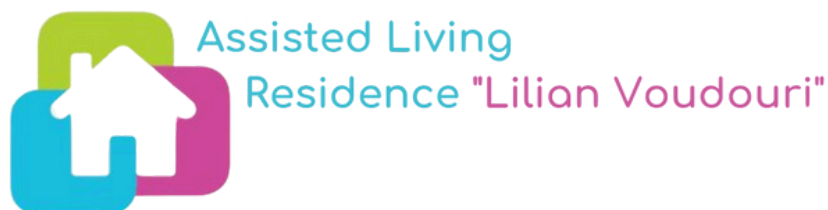

During 2024, Polichni did not operate due to a failure to find human resources.

***The A.G. Leventis Foundation
was the major sponsor
of the Polichni program
for one more year***

15. ASSISTED LIVING RESIDENCE

"LILIAN VOUDOURI"

It is the first and only ALR in Greece, for people with this combination of disabilities and it was a lifelong dream for the parents of these children, from the first moment the organization was founded. It is housed in a house in Pikermi, donated by the Lilian Voudouri Foundation and has been operating since August 2012. It hosts 7 people and its purpose is a lifelong stay in a warm and family environment.

Staff and training

Two staff meetings were held with the participation of all support workers, domestic helpers, the scientific director and with the coordination of the administrative director, to record needs and difficulties. Ideas and suggestions were submitted, problems were resolved and practices were modified, with the aim of improving the care and education of the beneficiaries.

Beneficiaries

The number of beneficiaries remained at seven people, as stipulated in the Shelter's operating regulations, with ages ranging from 32 to 49 years old.

15. ASSISTED LIVING RESIDENCE

"LILIAN VOUDOURI"

Visits at A.L.R.

- In May, two representatives of the association "Greek Wave of Austria - Griechische Welle Austria" visited the Shelter, which is a permanent sponsor of S.Y.D.
- In October, a team of two employees of the Community Center of the Municipality of Rafina-Pikermi visited the Shelter as part of the program for the networking of organizations based within the boundaries of this Municipality.
- A special social advisor of the Region of East Attica inspected and evaluated the proper functioning of the Shelter. The finding, characterized as "very good", is a prerequisite for the continuation of the operation of the Shelter (November 2024).

Educational programs of beneficiaries

The educational programs in which the beneficiaries participated were carried out under the exclusive supervision of the trainers and caregivers of the SYD and included both individual procedures to enhance their functionality and group activities to learn ways of interpersonal communication.

15. ASSISTED LIVING RESIDENCE

"LILIAN VOUDOURI"

Summer dives

As part of the summer program of the "Lilian Voudouri" Children's Home, beneficiaries and a support group made four trips to the beach of the Voula Branch for the Recovery and Rehabilitation of Children with Disabilities, PIK.PLAZ., where they swam and enjoyed the sun.

Dealing with emergencies

- The emergency care of the beneficiaries was covered for the most part by the psychiatrist of the structure, who also acts as the scientific director of the entire institution. Issues that are beyond his specialty were covered by other specialized doctors (dermatologist, gastroenterologist and dentist) and by the staff of the Spata Health Center.
- At the same time, the collaboration with the "Mediterraneo Hospital" continued for the care of the regular and emergency needs of the beneficiaries.
- A particularly important development in the care of the seven beneficiaries was the now permanent collaboration with a pathologist, who consistently offered his services three times a month in the premises of the "K.D.I.F. Irida" and when needed as an adjunct to deal with their emergency problems.

15. ASSISTED LIVING RESIDENCE

"LILIAN VOUDOURI"

Social networking - Volunteering

Efforts to connect S.Y.D. with the local community and the Municipality of Rafina-Pikermi, to which it belongs spatially, continued in 2024.

In the context of interaction with local commercial entities, the emergency food supply program from the "AB Vassilopoulos" Pikermi supermarket was maintained.

S.Y.D. received the following as donations:

A steam ironing system and a washing machine from "Volton Hellenic Energy S.A."

High-protection sunscreen for face and body from "Pharmasept S.A."

Donation of complete meals from "Fitness Meals"

We would like to warmly thank Kotsovolos – Dixons South East Europe for their kind donation of six household appliances: washing machine, vacuum cleaner, ironing system, blender, toaster and television.

The Shelter continues to receive constant support from "Griechische Welle Austria", a humanitarian aid organization based in Vienna. And for 2024, it received a significant number of donations. Specifically:

A bakery

School bus service

Quantity of meat for the Easter table

Gift vouchers for the purchase of products from a local supermarket

A dryer

In addition, the constant voluntary offer of veterinary services from a private veterinarian based in the neighboring Municipality of Pallini for the dog living on the premises of the Shelter was maintained.

A. COMMUNICATION CHANNELS & FUNDRAISING

1) Online donation form

The online donation form on our website, operating since 2020, is an important fundraising tool.

This year, 2 actions were implemented through the form, the Lottery Market 2024 and the registrations for the Authentic Marathon of Athens.

The form is powered by Alpha Bank.

2) E-shop

Our e-shop has now acquired a steady stream of revenue, with traffic throughout the year and especially increased traffic during the festive seasons.

The technical support of the page is provided by ELED.

Our orders are delivered by Courier Center.

The e-shop products are displayed free of charge on bestprice.gr.

3) International funding platforms

Since 2021 Amimoni has signed up to two international funding platforms, Benevity and YourCause. In December 2023, we made all the necessary actions to register to the TGE Greece program.

Through these platforms we have the possibility to accept donations from companies all over the world, to organize campaigns for funding and voluntary actions for employees.

4) Activation of 5-digit number 19819

5) Social media

Amimoni has a consistently active presence on social media - Facebook, Instagram, X, LinkedIn and YouTube.

Posts are made on a daily basis, with a variety of content (stories, reels, posts, shares, advertisements), while there is a significant upward trend of followers in our accounts.

6) Newsletter

All our news and actions are being communicated by newsletter, that we send to approximately 1,210 recipients.

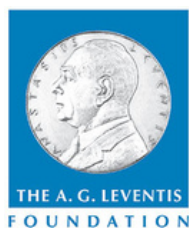

This is a communication tool that we have been using for the fourth consecutive year.

In 2024 we sent a total of 19 newsletters.

B. DONATIONS FROM COMPANIES & FOUNDATIONS

In 2023, already existing collaborations were renewed and new ones started with Public Beneficial Foundations, organizations and companies, which support Amimoni.

Christmas Bazaar

As every year, the Amymoni Workshop created a wonderful collection of handmade decorations, jewelry and charms made with passion and love. The collection was available at our booth at My Golden Hall, at The Mall Athens, at corporate bazaars and of course, through our e-shop.

Christmas Cards

This year, there were three Christmas cards from Amymoni and they were created by our beneficiaries themselves, with the help of the Day Center's trainers and caregivers.

They were available in physical and electronic form, through our e-shop and at bazaars, as well as the ecological calendar for 2024.

Easter Bazaar

Scented candles with original designs, Easter gifts and decorations, all unique and made with lots of love by our workshop, were available in our e-shop, as well as at our kiosks, at My Golden Hall, Avenue Hall and Notos Galleries in Athens and Thessaloniki.

Volton supports Amimoni

Volton carried out charitable actions towards Amymoni, within the framework of its selfless contribution and under the umbrella of the corporate social responsibility program “We illuminate what is worthy”, covering the basic needs of the Association’s structures and bringing smiles to our children!

More specifically, on the occasion of this year’s Easter holidays, Volton carried out the following actions:

Wanting to upgrade the energy efficiency of the Association’s facilities and actively contribute to energy saving, it donated high-energy class A+++ electrical appliances to the “Lilian Voudouri” Assisted Living Home and the “Irida” Day Center, with the aim of replacing old energy-consuming appliances.

- At the same time, a group of Volton employees visited the “Iris Day Center” on Thursday, April 25, offering gifts, spreading smiles and expressing their support for the beneficiaries and caregivers. At the same time, they offered essential items that the beneficiaries needed immediately. In addition, Volton will offer the Easter table to the residents and caregivers of the “Lilian Voudouri” Supported Living Home, making Easter more enjoyable.

Actions for Amimoni

"Simple acts of great value" Reckitt & Sklavenitis

For the sixth year, Reckitt, within the framework of the "Simple acts of great value" program, supported Amimoni by donating the company's cleaning products after each campaign in the Sklavenitis super market, which was accompanied by a TV spot.

Amimoni at the 2nd Open Agora at SNFCC

The 2nd Open Agora took place on Saturday, May 18 and Sunday, May 19, at the Stavros Niarchos Foundation Cultural Center and is dedicated to the theme "Child, Family".

The two-day bazaar took place in the SNFCC Dome, dedicated to NGOs and groups that make our world a better place. Amimoni was present at this meeting of accessibility and creation, taking part in the bazaar.

The Henkel Cosmetics Division and My Market support the Early Intervention program

Following the completely successful actions of the previous three years, the Henkel Cosmetics Division, in collaboration with the Greek chain My Market, continues to support Amimoni's project, covering the cost of 100 home educational sessions for infants and children up to 6 years old with vision problems and their families, throughout Greece, as part of the Early Intervention program.

“Feel the art, listen to the sea”

In an interactive way and utilizing all the senses, the educational program “Feel the art, listen to the sea”, presents the work of Konstantinos Volanakis for people with visual impairments and other disabilities, constituting one of the first fully accessible programs for Modern Greek Art. It is addressed to the general public - people with or without disabilities, as well as to parents with children with disabilities.

The program, which is a collaboration between the Aikaterini Laskaridis Foundation and Amymoni, is being carried out with the full funding of the former and was presented for the first time to the general public, at the facilities of our Association.

AMINO ANIMO and TO VAZAKI juice bar ran for Amimoni in the Half Marathon and the Authentic Marathon of Athens

The brand AMINO ANIMO with the leading Greek proteins and TO VAZAKI, the first Juice Bar in Greece, joined forces, running together in the Athens Half Marathon and the Authentic Marathon, with the message #embrace_our_heroes, highlighting the work of Amimonis and financially supporting the Early Intervention program.

Amimoni "ran" in the 12th Athens Half Marathon, which took place on Sunday, March 10, 2024. 120 runners from the companies Lamda Development and Campeon Gaming, as well as the Amino Animo team, ran with us, dedicating the race to children with visual impairments and additional disabilities.

Concert for Amymoni at the Athens Concert Hall

A special evening, for the 30th anniversary of Amymoni, took place on January 22, 2024. At the Athens Concert Hall, the orchestra and choir of the Volos Music School, invited by Dionysis Savvopoulos, came to meet Elli Paspala and Christos Thivaos, for a unique concert at the Athens Concert Hall, in support of Amymoni's goals.

The emblematic space of the Athens Concert Hall was flooded with music, young voices and beautiful images, with a festive concert in support of Amymoni's goals, in the presence of the President of the Republic Katerina Sakellariopoulou.

The concert also featured the two songs written especially for Amymoni, by Alexandros Iacovou ("I will love you") and Maria Fragoudaki ("I will call you out loud").

At the end of the evening, Amymoni President Paraskevi Bellou gave a short speech thanking the concert participants, as well as the audience for the great response and support of the Association's work.

Independent Certified Auditor's Report

To the Board of Directors of "AMIMONI - PANHELLENIC ASSOCIATION OF PARENTS, GUARDIANS & FRIENDS OF PERSONS WITH VISION PROBLEMS

Audit Report on the Financial Statements

We have audited the attached financial statements of the association "AMIMONI - PANHELLENIC ASSOCIATION OF PARENTS, GUARDIANS & FRIENDS OF PERSONS WITH VISION PROBLEMS" (the association), which consist of the balance sheet as of 31 December 2024, the income statement for the year then ended, and the relevant notes.

In our opinion, the attached financial statements present fairly, in all material respects, the financial position of the association "AMIMONI - PANHELLENIC ASSOCIATION OF PARENTS, GUARDIANS & FRIENDS OF VISUALLY IMPAIRED PEOPLE" as of December 31, 2024 and its financial performance for the year then ended, in accordance with the provisions of Law 4308/2014 as in force.

Basis of Opinion

We conducted our audit in accordance with International Standards on Auditing (ISAs) as adopted by Greek law.

Our responsibilities under those standards are further described in the section of our report entitled "Auditor's Responsibilities for the Audit of the Financial Statements". We are independent of the association, throughout our appointment, in accordance with the Code of Ethics for Professional Auditors of the International Ethics Standards Board for Auditors, as embedded in Greek Law and the ethical requirements relevant to the audit of financial statements in Greece and we have fulfilled our ethical responsibilities in accordance with the requirements of applicable law and the aforementioned Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements

in accordance with the provisions of Law 4308/2014 as applicable, as well as for such internal control

as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the club's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the club or to cease operations, or has no realistic alternative but to do so.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements, as a whole, are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with IFRSs, as adopted by Greek Law, will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material when, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of our audit, in accordance with the ISAs as adopted by Greek law, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, false representations, or the override of internal control.

We understand internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the club's internal control.

We evaluate the appropriateness of accounting principles and methods used and the reasonableness of accounting estimates and related disclosures made by Management.

We conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant uncertainty about the club's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion.

Our conclusions are based on audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the association to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Among other matters, we communicate with management the planned scope and timing of the audit, as well as significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on other Legal and Regulatory Requirements

1) We verified the agreement and correspondence of the content of the Management Report of the Board of Directors with the above financial statements for the year ended 31.12.2024. Based on the knowledge we obtained during our audit, regarding the association "AMIMONI - PANHELLENIC ASSOCIATION OF PARENTS, GUARDIANS & FRIENDS OF PERSONS WITH VISION PROBLEMS" and its environment, we have not identified material inaccuracies in the Management Report of the Board of Directors.

2) The association "AMIMONI - PANHELLENIC ASSOCIATION OF PARENTS, GUARDIANS & FRIENDS OF PERSONS WITH VISUALLY IMPAIRED VISION" for the fiscal year ending December 31, 2024, received an annual, state subsidy which was not more than thirty percent (30%) of its Budget for its operating expenses, excluding payroll costs or loans guaranteed by the Greek State. Operating expenses are understood to be the expenses incurred during the fiscal year and relating to the operation of the Association and which indicatively include rents, utility bills, heating expenses, operating expenses, receipt of services from third-party providers, insurance premiums, consumable materials.
